

Henry Kaufman

PROFESSIONAL SUMMARY

Hi there! I am a self-taught freelance designer and developer living in Denver, Colorado. I have a passion for creating beautiful and easy to use products for the web. I am design driven, yet I keep my roots in development where I started.

EXPERIENCE

DESIGNER AND FULL STACK DEVELOPER

Freelance, Remote, January 2015 - Present

I am currently a freelance designer and full stack developer. I have a passion for creating awesome and beautiful products.

PROJECTS

A THING A WEEK

A Thing A Week is a passionate community dedicated to helping other individuals improve their design and development skills. I cofounded A Thing A Week in January of 2016 with the idea to bring motivated individuals together to improve their skills and build incredible products. Join at athingaweek.com.
